Professional Summary

Hands-on software developer with proven internship experience in building, debugging, and deploying production web applications and multiple national hackathon wins. Strong foundation in **JavaScript, React.js, Node.js, RESTful APIs, OOP, and SQL/MongoDB databases**. Familiar with Agile workflows, Git version control, and AI-accelerated development. Eager to contribute as a **Junior Software Associate** at **Yoho Technologies** to build robust, scalable client-facing solutions.

Technical Skills

Programming Languages: JavaScript, Python, C, SQL
Web Development: HTML, CSS, React.js, Node.js, RESTful APIs, Tailwind CSS
Databases & Cloud: PostgreSQL, MySQL, MongoDB, Supabase, Firebase, Postman
Version Control & Tools: Git, GitHub, Vercel
AI & Developer Tools: OpenAI Codex, Antigravity IDE, Cursor

Work Experience

Full Stack Developer Intern *Jun 2026 – Jul 2026*
Zapple Digital *Chennai, Tamil Nadu*

- Engineered and maintained features for client-facing web applications using **React.js** and **Node.js**, following strict team coding standards.
- Constructed and consumed optimized **REST APIs** and database queries, reducing backend query latency by **30%**.
- Debugged production issues, resolved client-reported defects, and actively participated in sprint stand-ups and peer code reviews.

Web Development Intern *Jul 2025 – Aug 2025*
Corizo *Remote*

- Developed full-stack web modules connecting interactive UI components with backend **REST APIs** and database persistence.
- Built responsive, cross-browser web interfaces that enhanced user engagement and improved page load performance by **25%**.
- Implemented comprehensive client-side form validation, error handling, and structured data serialization.

Fullstack Development Intern *Jan 2025 – Feb 2025*
SAN Technovation *Erode, Tamil Nadu*

- Developed modular, responsive web pages using modern **HTML, CSS, and JavaScript**.
- Collaborated with senior engineers to diagnose UI bugs, streamline DOM manipulation, and practice clean Git branching workflows.

Technical Projects

MPNMJEC Bus Tracking Platform *(Google Play Store)* *Node.js, WebSockets, React, Supabase*

- Architected a real-time transit tracking ecosystem with a **live Google Play Store** student client and a driver telemetry interface.
- Engineered bidirectional live data streaming using **WebSockets** with offline caching to maintain tracking continuity across poor connectivity.
- Built an administrative management dashboard in **React** to coordinate fleet schedules, routes, and live ETA calculations.

MPNMJEC Smart Attendance System *Python, FastAPI, PostgreSQL, React, OpenCV*

- Engineered an enterprise attendance management portal with JWT-based authentication and granular role-based access controls.
- Constructed high-throughput **REST APIs** backed by **PostgreSQL** for reliable event logging, record filtration, and report generation.
- Integrated an automated computer vision kiosk with OpenCV for frictionless, contactless facial verification.

6ixQuest – AI Assessment Platform *(6ix-quest.vercel.app)* *React, JavaScript, Supabase, Groq AI API*

- Developed an automated evaluation web app generating contextual assessments from lecture material using LLM APIs.
- Implemented client security features including tab-switch detection, fullscreen locking, and automated session invalidation.
- Deployed on **Vercel** with automated CI/CD pipelines, state management, and real-time score computation.

Achievements & Competitions

- **1st Prize Winner** — AI Nexus Hackathon (CogentAI & WTCDC, Jan 2026): Secured 1st place building a full-stack solution.
- **1st Runner-Up** — HACKFEST 2026 (Gojan School of Tech, Jan 2026): Placed 2nd out of 50+ college teams in a 24-hr coding sprint.
- **Best Innovation Award** — HACK FUSION 1.0 (IEEE & Jeppiaar Institute, Feb 2026): Recognized for impactful systems design.
- **3rd Prize Winner** — 24-Hour Makeathon (Nandha Engineering College, Feb 2026): Awarded 3rd place in rapid prototyping.

Education

M.P. Nachimuthu M. Jaganathan Engineering College (MPNMJEC) *Erode, Tamil Nadu*
B.E. Electronics and Communication Engineering | ***CGPA: 7.2 / 10.0*** *2023 – 2027*

Railway Colony Government Higher Secondary School *Erode, Tamil Nadu*
Higher Secondary Certificate (12th Grade) | ***Score: 79.5%*** *2023*
